

Government Election Assignment

Value: 3 points per election decision

Due Date: Election Day or day before (if class doesn't meet Tuesday)

You are going to vote for class. You need to make a decision on all the major races that are listed below. In addition to listing the office/proposition and your choice on that race, you will need to write a 4-6 sentence paragraph for EACH decision made. You will not be graded on how you decide to vote. You will be graded on making a decision on each choice and rationally defending that decision in each paragraph. You need to vote on the following offices:

U.S. Senator

U.S. Representative (based on your home address, identify the district)

State Assembly Member (based on your home address, identify the district)

State Senator (based on your home address, identify the district, if not up for election this term then identify the incumbent by name and party)

Each Proposition on the ballot

Research will be required to successfully complete this assignment. A good place to start would be the state election website which can found at:
