

## Supreme Court March Madness

Each student will be assigned a Supreme Court case in class. Each student must provide the following information for the assigned case:

1. Facts
2. Issue (in the form of a question)
3. The Court's decision (who won)
4. The Court's rationale

The description should be in your own words (you're going to be defending this case in front of the class so you need to know it!) and uploaded in Google Docs to the link below that represents your class. This should make for a good resource when it comes time to review for the AP Gov test in May. Oyez.org is a good resource at least to start researching these cases. You will need to bring a printed copy of your case summary to class on the date assigned to turn into Mr. Busby.
